I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides me with variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I'm permitted to hear! I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and am entitled as a free US citizen.
